Eden Resigns As Prime Minister

LONDON, Jan. 9 (AP) - Prime Minister Sir Anthony Eden resigned today.

The move was a sudden surrender to opponents of his ill-fated Suez policy.

With a giveaway faint smile on his face, the 59-year-old statesman walked out of a cabinet meeting at No. 10 Downing Street and went to Queen Elizabeth at Buckingham Palace to give her his resignation.

Eden's sudden decision, caught both people and politicians by surprise. It meant the virtual end of his career as a statesman.

The Queen did not immediately summon another man to become prime minister.

Political observers expected the call would go out later tonight or early Thursday to R. A. Butler, the Lord Privy Seal and House of Commons majority leader, who is 53, or to Harold Macmillan, chancellor of the exchequer and former foreign minister.

Buckingham Palace announced that Eden "tendered his resignation as prime minister and first lord of the treasury which Her Majesty was pleased to accept."

Only 19 months ago-on April 5, 1955-it was Sir Winston Churchill who made the same trip to Buckingham Palace. Then it was Eden, the famed elder statesman's protégé, who got the royal summons to succeed Churchill.

Mercury Dropping Over Nation

By UNITED PRESS
A Canadian cold wave rode deep into the Midwest on strong northerly winds today while a snowstorm swept down out of the central Rockies into the Great Plains.

The frigid air blast sent the mercury plunging to 27 degrees below zero at International Falls, Minn., and to 10-to-20 below over a wide band from Minnesota to Montana.

While most northern sections of the nation shivered in the wintry weather, the South from Arizona to the Atlantic basked in balmy, summer-like temperatures.

Light snows broke out in the East during the night, leaving from one to two inches of wet snow on the ground. The Weather Bureau said the snow was changing to light rain or drizzle from New York City southward, but New England was expected to get one to three inches of fresh snow today.

The new storm which developed in the Rockies spread snow into the plains and lay a treacherous sheath of ice across southern Kansas. The Weather Bureau said the snow was expected to spread across much of the Midwest today with locally heavy snows likely in parts of Kansas, northeast Nebraska and southwest Iowa.

"It could develop into a sizeable snowstorm for much of the Midwest and East," the weatherman said.

Weathermen said the cold wave will sweep across the northeast today, covering the entire area from Idaho, the north and central plains, the Great Lakes, most of the Ohio Valley and the western Mid-Atlantic coastal states.

Temperatures were relatively mild in the South and East during the night, dropping not lower than the 30s in parts of the Great Lakes region; the 40s in the South Atlantic Coast region and the 60s in the Gulf Coast area.

Light rain or drizzle fell across the Ohio Valley and light snow powdered northeast Ohio and most of Pennsylvania.

Showers also dampened sections of Arizona and New Mexico and most of the Pacific Coast states. Weathermen said the shower activity in the Southwest and Far West is expected to continue throughout the day.

Early morning readings elsewhere included New York 34, Washington 32, Miami 58, New Orleans 63, Chicago 34, Denver 26, Los Angeles 53 and Seattle 32.

New Campaign Of Terror Is Instituted

BUDAPEST, Jan. 9 (AP) - Dictator-Premier Janos Kadar opened a new campaign of terror against Hungarian intellectuals today by indicting 11 patriots for publishing and distributing free newspapers after the 1947 attack by the Soviet army.

Two of the nation's best-known writers were among the 11 accused of "counter-revolutionary activities" by publishing or distributing the paper, "The Danube," which was accused of inciting a Dec. 4 demonstration by Hungarian women against Russian tanks.

Simultaneously, the Workers Council on the powder keg industrial island of Csepel, in the Danube south of Budapest, announced it was resigning in protest against interference by the Kadar government.

The Csepel council, which defiantly led the nationwide sit-down strikes against the Communist regime, took extraordinary measures to ensure that news of their new protest reached the few Western correspondents permitted in Budapest.

The Workers Council at the sprawling Bejovannis electrical plant also was reported to have resigned, and other Budapest Workers Councils were expected to follow suit.

The resignations were in protest against attempts by Kadar's Reds to infiltrate and seize control of the council's free press into being to run the nation's industries during and after the revolt.

Exact political repercussions from the surprise move, which coincided with Kadar's attack against Hungary's free press and writers was as yet unclear.

Foreign observers had considered the councils as a group representing the strongest obstacle to Kadar's Soviet-backed attempts to throttle the last gasp of Hungary's revolution.

On the other hand, workers throughout the nation who have been loyal to the councils might refuse to follow instructions issued by Kadar's nominees.

Indictment of the 11 intellectuals was announced in this morning's issue of the official government newspaper Nepszabadsag.

NEED AN UNCLE SAM

WASHINGTON - The Presidential inauguration parade committee is on the lookout for Uncle Sam. The committee, in issuing a call for candidates for the assignment, said he must be "tall, angular, have a determined expression and be past middle-age. He also should have a white goatee, but this is not mandatory."

"Need Of God" Is Great Need Of Man Today

"Man has lost God, and he is homesick," Dr. E. Stanley Jones of Boston told the first National Conference on Spiritual Birth and Growth yesterday at the Kenlake Hotel.

Dr. Jones was addressing 300 Methodist ministers from 31 states who are meeting at the Kenlake.

"America has learned heavily on material things for too long," Dr. Jones told the conference.

Americans are finally finding out that material things are not what they have wanted. People have tried to find happiness in the material things of life, he said, and have found instead that they have only found disillusionment.

"The breakdown will continue until man returns to God, the great basic need of today," Dr. Jones continued.

The missionary told the group of 300 Methodist ministers that disillusionment was leading to a rise in evangelism. "This conference is a symptom of that," he urged to the ministers to preach from a positive standpoint. "The most positive thing that came to this earth was Jesus," he said.

Dr. Ernest Thomas, director of the conference, told the ministers earlier in the day that there is a need for rebirth.

Attempt To Find Jury Made In Eddyville Trial

EDDYVILLE, Jan. 10 (AP) - A third attempt will be made today to send a jury in the trial of a convict charged with killing the farm manager at the State Penitentiary here last July.

Only five jurors were selected to try Virgil Moore, a native of Breathitt County, when the Lyon County venire list was exhausted Tuesday.

Circuit Judge Ira Smith ordered names on the May list of veniremen transferred to the current session after the regular list was exhausted Monday. However, that list also was exhausted and only one additional juror was seated.

Court officials will attempt to select jurors from neighboring counties starting with Caldwell County.

Moore is charged with the fatal stabbing of Owen Davenport a month after he was transferred here from the state reformatory at LaGrange, from which he had escaped.

The elderly prison guard was killed in a prison yard crowded with inmates last summer as horrified tower guards watched.

Fumes Threaten City Today

FORT MORGAN, Colo., Jan. 9 (AP) - Explosive fumes from 1600 gallons of gasoline lingered in Fort Morgan's sewer system today, but the city accepted the remote danger calmly.

The gasoline was pumped accidentally from a city supply tank and flowed into the sewer system through a ground-level drain.

Fire Chief Vic Edwards had fire hydrants throughout the city turned on immediately to help flush the gasoline from beneath the city. But he said explosive fumes would remain in the air spaces of the sewer pipes for "two or three days."

The chance that the fumes might be ignited appeared slim. But Edwards and police were worried that if the story got out, rumors soon would exaggerate the danger and cause panic.

Fort Morgan radio stations did not broadcast the story Tuesday night.

Mitch Wrong Ride

DETROIT - Two trustees who walked away from the Detroit House of Correction were back in custody today because they hitched a ride with the wrong man, Robert L. Olson, a guard at the jail, stopped at the first gas station and called police after picking up trustees James Anglin and Donald Gray.

Three Arrested On Theft Charge

Three men have been arrested in Paducah and have admitted breaking into Murray Memorial Gardens according to Sheriff Brigham Futrell.

The building at Murray Memorial Gardens was entered on Monday and a typewriter, power mower, adding machine, portable radio and three electric heaters were taken.

Sheriff Futrell said at the time that all officers in the area were notified of the robbery including the state police.

He said that a call from Russell Jones, Sheriff of McCracken County today indicated that the three men were those who had committed the theft.

A large amount of apparently stolen items were found in a routine search of a home in Paducah which was under suspicion. The items stolen from Murray Memorial Gardens were among the items found.

Admitting the theft, according to Sheriff Futrell, were Raymond Jones, Jr., age 27, Henry Helton, age 43, and William J. Bivins, age 35. The three men are now in custody in the Paducah jail and warrants will be issued for their arrest. They are also being held on a Paducah charge.

The men said they entered the building early on Monday morning and took the items listed.

Lawyer Says Marie Dissatisfied With Handling Of Case

HOLLYWOOD, Jan. 9 (AP) - Famed criminal attorney Jerry Giesler served notice today that he and his client, Miss McDonald, are dissatisfied with the way authorities are investigating the case of her kidnapping.

"It is about time that the police start proceeding with the investigation of the kidnapping instead of investigating Miss McDonald," Giesler said. "If only they would show the same diligence hunting for the kidnapers that they have used in trying to prove her story a hoax."

Giesler said Miss McDonald has offered to take a lie detector test to support her story, that she was kidnapped by two Latin-type men early last Friday. He charged that "police have been subjecting Miss McDonald to an inquisition" instead of searching for evidence.

Giesler hovered over Miss McDonald's shoulder Tuesday as she signed a formal police report charging that she was abducted, beaten, held in a room by two men and left wandering along a desert road near Indio, Calif. The report, however, made no mention that she had been assaulted and robbed but merely described details of the alleged kidnapping.

Pool receipts were up amounting to 35 per cent.

Total poundage in the two days of sales amounted to 718,549 with total sales amounting to \$257,831.06.

Film Shows That Fans Did Not See All The Series

By OSCAR FRALEY
United Press Sports Writer

NEW YORK — Baseball fans can rest assured today that the New York Yankees won the World Series. Don Larsen actually pitched a perfect game — and nobody knows for certain when Jackie Robinson will play ball next season.

All of these points were settled, or not settled, as the case may be, at the first official showing of the official World Series films. Yogi Berra was on hand as one of the referees.

The piece of Robinson's uniform, probably in reference to Don Newcombe.

Everyone didn't see any better than I saw, but among the issues I saw were:

Apple Pancakes For "Brunch"

Sunday or holiday "brunch," that happy combination of a late, late breakfast and an early hearty luncheon, has become a national habit. This marvelous meal permits the kids to sleep late without keeping mother everlastingly in the kitchen. And then when every one is up and about — and hungry, too — it combines two meals in one. A time saver and a work saver, even a family fun occasion.

Pancakes have been a national habit, too, for a long, long time. But apple pancakes are suggested this year as a pleasant change, for this has been a vintage year in American orchards. These appetizing cakes made of such tasty ingredients as tart cooking apples, cinnamon and lemon juice satisfy even the biggest appetites in the most healthful way.

They are easily and quickly prepared, too, on the handsome new Revere Ware griddle, a stunning companion piece to the popular line of copper-clad stainless steel cooking utensils. The heavy copper bottom spreads the heat evenly and swiftly. The thin stainless steel is so easy to clean. Those apple pancakes will taste better, for sure.

Apple Pancakes (Makes 20 Pancakes)
2 eggs, separated
3/4 cup milk
1/2 cup cooking oil
1/2 cup sifted flour
2 teaspoons sugar
1/4 teaspoon salt
dash of allspice

2 tart cooking apples, pared, cored, and finely chopped
1/4 cup lemon juice
1/2 teaspoon cream of tartar
1/4 cup sugar mixed together with 1/2 teaspoon cinnamon

Beat egg yolks until light and lemon-colored in 1 quart mixing bowl; stir in milk and oil. Measure flour, sugar, salt and allspice into 4 quart mixing bowl; add egg-milk mixture; beat with rotary beater just until smooth. (Overbeating batter tends to toughen pancakes.) Batter will be fairly thin. Chill 30 minutes. Marinate chopped apples in lemon juice while batter chills. Drain apples; stir into batter. Combine egg whites and cream of tartar in 1 quart mixing bowl; beat until stiff; fold into apple mixture. Heat Revere Ware griddle. Test temperature by sprinkling a few drops of water on it. When drops "skitter" about, temperature is right. Spoon 2 tablespoons batter on heated griddle to make 3-inch pancake. Repeat; make 3 or 4 pancakes at each baking. (They should be about 1/4 inch thick.)

Turn until tops appear fairly dry and undersides are golden brown; turn; brown to other side. Sprinkle each pancake with cinnamon and sugar; arrange in stacks of 3 or 4 on plate; cover until ready to serve.

Regional Tastes Still Rule Table

CHICAGO — Except for steak, ice cream cones, and ham and eggs, there seem to be few truly American foods that suit everyone's taste.

"Regional preferences still play an important role in deciding what foods will sell best in what areas," said Mary Haje Martin, home economist for Libby, McNeill, and Libby.

However, she said recent shifts in population and increased travel seem to be making a melting pot of American foods.

"Perhaps the last stronghold of regional tastes is the south, but even so, some of the special items are finding acceptance in the north, just as fried chicken did years ago," she said.

"With continued population shifts," continued Miss Martin, "it seems reasonable to predict that some day soon we will all speak the same language in food as well as the same mother tongue."

The Cleanliness Bureau says it is safe to wash plastic sponges by machine, along with soiled clothes.

(ACTRESS Marie (The Body) McDonald is the object of a hunt by California authorities after disappearing mysteriously from her Encino home. Her mother said someone phoned, "We have Marie. No harm will come if the police are not notified." The home was found with door ajar, TV on. In the mailbox was a newspaper-forged note reading, "Don't contact anybody, we'll contact you."
